Quotes from Q Shelter on the Queensland Housing Plan due this week

Q Shelter welcomes the news that the Queensland Housing Plan is set for imminent release.

The following quotes about the Queensland Housing Plan can be attributed to Q Shelter's Executive Director, Fiona Caniglia.

'We hope the plan is far-reaching in measures to achieve a healthy housing system so that every Queenslander has a home.'

'It is positive to see that the scope of the plan includes building homes faster, support for renters and first homeowners, boosting investment in social housing, and initiatives to end homelessness. We need actions that deal with every aspect of the housing eco-system if we are to achieve the level of change needed for success.'

'Q Shelter has proposed a raft of recommendations through [our annual pre-budget submission, Better Together](#). We will be analysing the Queensland Housing Plan as a matter of priority to understand its scope and reach.'

'We genuinely hope to see a greater focus on prevention, through both housing supply initiatives and support measures to assist vulnerable households sustain their housing outcomes. More than anything, we think it is critical to move upstream to address the causes of complex homelessness in later life through high-quality and intensive interventions that focus on family support from conception.'
